ELIGIBILITY FOR CLASSES

In the following definitions of classes First Prizes or other prize wins are those gained in standard classes at any Kennel Club licensed **Championship Agility, Premier Agility, Open Agility or Limited Agility Shows** (i.e. special classes and invitational events excepted). Standard classes may be scheduled for Agility Shows, as Agility classes or Jumping classes. All standard classes must contain the Weaving Poles obstacle. Standard Agility classes must contain the following elements: "A Ramp", Dog Walk and See-Saw.

With this proviso classes are defined as follows:-

A maximum of four standard classes may be scheduled for any dog on an individual day of competition. Any number of special classes may be scheduled.

Class Structure. A Class may either be held as a Graded Class or a Combined Class. A Graded Class may be scheduled for a maximum of three consecutive Grades with separate results and awards issued for each grade. A Combined Class may be scheduled for more than one consecutive grade with one overall set of results.

Progression. Progression from each Grade will be determined by the eligibility for the class as referenced in H(1)(A)11. Results from Combined Classes will only count towards progression from the dog's current grade.

To count for progression wins must be gained in standard classes at Kennel Club Licensed Agility Shows.

Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Lower Height Option. Societies may offer the Lower Height Option to all dogs in that height category and may be offered at all grades. It is to be run as part of any Standard class as defined in the regulations and must be clearly identified in the schedule. Each relevant class will have two height with a change part way through to raise/lower the jump heights and may extend/reduce the length of the long jump and width of the rising spread, within the permitted ranges, and competitors must run at their entered height. The order in which the heights will run must be detailed on the ring cards/ring plan. There will be only one course walking at the start of the class. In a class where the Lower Height Option is available show organisers may offer one set of awards by combining the results of each height or may offer separate awards for each height category.

Competitors will be allowed to walk the course set at Small, Medium or Large height without their dog(s) before the class begins. Hurdles may be raised/lowered during the course walking time if multiple heights are offered within the same class.

When the Lower Height Option is scheduled a dog may only be entered at either the Full Height or at the Lower Height and it cannot compete at a different height in any other class at that competition, including special classes. For these purposes a competition shall be defined as all classes covered within the same schedule.

Points Progression. At the handler's discretion a dog may progress up to Grade 4 by winning 100 points at each grade, using the Agility Warrant points scheme (Regulation K3.c refers. A minimum of 50 points must be gained in agility (not jumping) classes in the relevant grade. If this method of progression is selected, the handler must ensure the Show Secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however once a dog has progressed, it cannot return to a previous grade.

Progression on points must be done prior to the closing date of entries. It is not possible to change a grade on points once the entries have closed.

STANDARD CLASSES

Only first prizes and points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes. (A dog is only eligible for one grade). In defining the eligibility of the owner or handler for Grade 1, the two wins and points progression referred to in the definition apply only to one dog and not an accumulation of dogs.

Grade 1 Open to owners, handlers or dogs which have not gained a minimum of two first places at Grade 1 at Kennel Club Licensed Agility Shows, at least one of which must have been gained in an agility (not jumping) class. N.B Owners, handlers or dogs previously qualified out of Grade 1 are not eligible for this class.

Grade 2 Open to dogs which are not eligible for Grade 1 or have elected to progress on points from Grade 1 and are not eligible for Grades 3, 4, 5, 6, or 7.

Grade 3 Open to dogs which have gained a minimum of two first places at Grade 2 at Kennel Club Licensed Agility Shows, one of which must have been gained in an agility (not jumping) class, or have elected to progress on points from Grade 2 and are not eligible for Grades 2, 4, 5, 6 or 7.

Grade 4 Open to dogs which have gained a minimum of three first places at Grade 3 at Kennel Club Licensed Agility Shows, two of which must have been gained in agility (not jumping classes), or have elected to progress on points from Grade 3 and are not eligible for Grades 2, 3, 5, 6 or 7.

Grade 5 Open to dogs which have gained a minimum of four first places at Grade 4 at Kennel Club Licensed Agility Shows, two of which must have been gained in agility (not jumping) classes, and are not eligible for Grades 2, 3, 4, 6 or 7.

Grade 6 Open to dogs which have gained a minimum of four first places at Grade 5 at Kennel Club Licensed Agility Shows, two of which must have been gained in agility (not jumping) classes, and are not eligible for Grades 2, 3, 4, 5 or 7.

Grade 7 Open to dogs which have gained a minimum of five first places at Grade 6 at Kennel Club Licensed Agility Shows, three of which must have been gained in agility (not jumping) classes, and are not eligible for Grades 2, 3, 4, 5 or 6.

Championship Class (Kennel Club Championship Agility Certificate)

Open to dogs having qualified to compete in Grade 7 which have had 5 wins at Full Height in either Grade 6 or Grade 7, at least 3 of which must be gained in agility classes. To consist of 2 qualifying rounds of Standard Kennel Club Classes, 1 Agility Class and 1 Jumping Class, and a final round of Agility, to be held at the same Show. All rounds of a Championship Agility Class and any Kennel Club heat, semi-final or final must be run at Full Height.

SPECIAL CLASSES

Societies may schedule classes other than those defined above as "**Special classes**". The eligibility for "Special" classes must be defined by the Society and included in the schedule. The word "Special" must be included in the title of the class. Where special classes are classified for older and/or inexperienced dogs, the height of the hurdles, the A-ramp and the dog walk, the length of the long jump, may be reduced below the dimensions specified in these regulations, in which case such dimensions must be included in the class definition in the show schedule.

Marking for special classes may deviate from marking for standard classes, but must be specified in the schedule. Wins, places and clear rounds in special classes will not count towards agility warrant points or grade progression at Kennel club Shows.

ANYSIZE JUMPING

Open to dogs not entered in any other class during the weekend apart from Anysize or Veteran classes. There will be no weaves. Sunday dogs may be entered in Anysize & Veteran classes.

VETERAN AGILITY

Open to dogs not entered in any other class during the weekend apart from Anysize. There will be a low A Frame. There will be no dog walk, seesaw or weaves.

Jump height for Anysize & Veteran classes will be set at 45cms, 35cms & 20cms, handler's choice on the day. Jumps will not be raised once they have been lowered, so please make sure that you are ringside when the jumps are at your chosen height.

CRUFTS and DISCOVER DOGS AGILITY HEAT REGULATIONS 2019/2020 **General Regulations**

The following regulations apply to all Crufts and Discover Dogs qualifying Agility competitions and heats.

All events must be judged under the appropriate Kennel Club regulations H & H (1) in force at the time of the event. Competitors entering any competition will be deemed to have agreed to abide by these regulations.

All heats must take place at Kennel Club licensed shows and the class name in the schedule should replicate exactly the name of the competition as stated in these regulations. All Kennel Club supported competitions should be judged using standard marking.

If the entry for the heat exceeds the Kennel Club limit for a judge in a day, then the class will be equally split and another judge appointed for the second part. Qualifiers and points from that heat will be taken in equal proportion from each part.

Dogs entered in any heats must be eligible for the competition entered. Judges have the right to check the dog's Kennel Club Agility Record Book to ensure the dog is running in the correct height category. Where points are accumulated throughout the year these will be allocated to the specific handler and dog partnership (no substitution of dog or handler may be made). If there is an equality of points after all the heat results have been calculated, the dog and handler partnership which has achieved the highest place at a heat will take preference in the final allocation of places.

An entry fee will be charged for each dog for Crufts.

Crufts Singles Agility Competition 2019 / 2020

Qualifying heats will be scheduled as a standard combined class for grades 6 & 7. There will be a separate qualifying competition for each height category (small, medium, large) with 12 heats for each height, held at Kennel Club licensed shows throughout the country.

Eligibility

Competitors may enter more than one dog in a heat. Competitors may qualify more than one dog for the final.

Qualifying

The first 10 placed dogs in each heat will have the following points awarded:

1st place = 10 points, 2nd place = 9 points etc. down to 10th place = 1 point. Qualifying points will be awarded down to 10th even if the show does not award class places down to 10th. The 16 large dogs, 10 Medium dogs and 10 Small dogs with the highest accumulation of points will be invited to compete in the CRUFTS Singles Agility Finals at CRUFTS 2020.

If a qualified handler or dog is unable/unfit to attend the final, reserves will be taken from dog/s with the highest number of points from the heats which have/has not qualified.

Crufts Team Agility Competition (Special) 2019 / 2020

These competitions will be scheduled as a Special combined class for grades 1 to 7 with a separate qualifying competition for each height category. There will be up to 8 separate heats for the Large height category and up to 9 heats for Small and Medium categories held at Kennel Club licensed shows throughout the country.

Eligibility

This event is open to teams from Kennel Club Registered and Listed Status clubs which, at the time of entry to the qualifying heat, have indicated in their Kennel Club registration details that they have an interest in agility or are an Agility Listed Status Club. Each team entry will consist of 4 dogs from the same height category, with 4 different handlers, plus up to 2 reserves. Only dogs entered in the team or as reserves at the qualifying event will be permitted to compete for that team in the final should a change of dog be necessary. Only handlers that competed at the qualifying event or those listed as reserves will be permitted to compete for that team in the final should a handler be unable to compete. Any amendment to the handlers entered at the heat must be notified and recorded in advance of the team competing. All team members must be members of the club at the time of qualifying for the CRUFTS Teams Final. Dogs do not have to be entered into any other class at a qualifying heat and a team entry will constitute acceptance of the Organising Club and Kennel Club Rules and Regulations.

Clubs may only qualify one team in each height category for the final at CRUFTS 2020.

Once a handler or dog has run for a Kennel Club Registered / Listed Status Club in a CRUFTS Team Agility qualifying event they cannot run for another Kennel Club Registered / Listed Status Club in a qualifying event at the same height category during the qualifying year. (Handlers or dogs entered as reserves may run or be entered as reserves for a different team, provided they did not run in the original team's heat).

Competition Rules

The competition will be held under Kennel Club rules and regulations for Agility and any handler entering the competition will be deemed to abide by these rules and regulations. Standard rules will apply and all equipment used shall be of a standard size set at the maximum height for each category.

It is a team relay event and a suitable baton should be used which must remain behind the start line at all times. When the dog/handler returns to the start/finish, there will be a baton change between the handlers. No part of the next dog/handler must be over the start line at the change over; failure to observe this will incur a penalty of twenty faults.

An elimination will incur a penalty of one hundred faults, a dropped baton will incur a penalty of 20 faults.

The total time of the team of four dogs must be recorded for marking purposes irrespective of the number of faults or eliminations that a team incur.

Once a dog has been eliminated it cannot incur further faults. However, if any of the team members fail to complete the course or any of the team dogs fouls the ring the whole team will be disqualified.

Please note that some areas of marking for the Crufts Team event differ from standard marking due to the fact that it is a relay class with cumulative marking and time.

Qualifying

The winners of each heat will be invited to CRUFTS 2020 to compete in the Small, Medium or Large Finals. In the event that the winning team or club in a heat has already qualified for the final then the highest placed unqualified team in that heat will be invited to the final at CRUFTS.
