THE KENNEL CLUB OLYMPIA AGILITY STAKES RULES 2019 Supported by Skinner's

All events must be judged under the appropriate Kennel Club Regulations H & H(1) in force at the time of the event. Competitors entering any competition will be deemed to have agreed to abide by these rules.

All heats must take place at Kennel Club licensed shows and the class name in the schedule should replicate exactly the name of the competition as stated in these rules.

All Kennel Club supported competitions must be judged using standard marking.

If the entry for the heat exceeds 360 the class must be split into two equal parts. If the entry exceeds 540 the class must be split into three equal parts. No part, if split, may be less than 150 dogs. Rosettes and awards remain unchanged if the heat is split and will be given for each part.

Dogs entered in any heats must be eligible for the competition entered and judges retain the right to check the height of any dog or ask to see the height stated in the Kennel Club Record Book.

The handler that qualifies a dog for the Quarter-Final / Semi-Final / Final will be the handler that competes, handler substitutions are not allowed.

Dogs cannot compete in more than one competition at Olympia. If a dog qualifies for more than one Quarter-Final or Semi-Final at the Kennel Club International Agility Festival the first successful qualification will take precedence and the dog will be withdrawn from any further Quarter/Semi-Finals and replaced by a reserve.

Once a dog has qualified for Olympia, or as a reserve the handler is deemed to have accepted an offer to compete at Olympia, it invalidates any reserve places in any other competition. If the first invitation to compete is declined it invalidates any reserve places in any other competition.

All winners of the Olympia Grand Finals will be invited to compete in the following year's Quarter-Final or Semi-Final at the International Agility Festival without qualifying through the usual procedure via heats.

(These rules may be amended if any changes are made to Kennel Club Agility Regulations during the course of the competition year).

(Qualifying heats for the 2020 Kennel Club Large Dogs ABC Agility Stakes will be held at this show. The rules for the 2020 competition are not yet available for inclusion in our schedule. The attached rules are for the 2019 competition and may be subject to amendment.)

THE KENNEL CLUB OLYMPIA LARGE DOG ABC AGILITY STAKES Supported by Skinners

This competition is a special agility competition open to all dogs excluding Border Collies, Working Sheepdogs and any of their crosses. In the event of a dispute over the parentage of a dog, a decision will be left to the judge's discretion.

Those dogs eligible to compete in competition for Large dogs are those measuring over 430 mm (1 foot 5 inches) at the withers and open to dogs in grades 5 to 7 and judged under the Kennel Club Regulations for standard classes.

Competitors may enter more than one dog in a heat. Competitors may qualify more than one dog for the Semi-Final, however only the competitor's highest placed dog at the Semi-Final will qualify for the Olympia Grand Final. Once a dog has qualified for the Semi-Final/Final, further heats may be entered for competition although any placings in these further heats will not affect the dog's eligibility for the Semi-Final/Final.

The first three previously unqualified placed dogs from each heat will go forward to the Semi-Final at the Kennel Club International Agility Festival held annually in August, the first 10 dogs from this Semi-Final will qualify for the Final at the London Olympia Christmas International Horse Show (subject to the above).

A maximum of two representatives of any one breed may be invited to the Final from the Semi-Final. This decision will be at the organiser's discretion.

N.B. All currently Large ABC dogs of Grade 5-7 may enter this class. However, if the dog subsequently measures into Intermediate height, it will then NOT be eligible to progress through to the Semi-Final as per this extract from the FAQs regarding the introduction of Intermediate height:

"If I qualify in an Olympia 2020 heat in Large or Large ABC and my dog is intermediate, does the qualification still count? As the quarter/semi-finals take place a considerable length of time after the heats, only Large dogs will be eligible to compete in them. Therefore, your dog must be over 500mm to compete in these quarter/semi-finals."

Eligibility for Classes

Please read carefully before filling in your entry form - refunds will not be given

In the following definitions of classes First Prizes or other prize wins are those gained in standard classes at any Kennel Club licensed Championship Agility, Premier Agility, Open Agility or Limited Agility Shows (i.e. special classes and invitational events excepted). Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Standard classes may be scheduled for Agility Shows, as Agility classes or Jumping classes. All standard classes must contain the Weaving Poles obstacle. Standard Agility classes must contain the following elements: "A Ramp", Dog Walk and See-Saw. With this proviso classes are defined as follows:-

A maximum of four standard classes may be scheduled for any dog on an individual day of competition. Any number of special classes may be scheduled.

Class Structure. A Class may either be held as a Graded Class or a Combined Class. A Graded Class may be scheduled for a maximum of three consecutive Grades with separate results and awards issued for each grade. A Combined Class may be scheduled for more than one consecutive grade with one overall set of results.

Progression. Progression from each Grade will be determined by the eligibility for the class as referenced in H(1)(A)11. Results from Combined Classes will only count towards progression from the dog's current grade.

To count for progression wins must be gained in standard classes at Kennel Club Licensed Agility Shows.

Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Lower Height Option. Societies may offer the Lower Height Option to all dogs in that height category and may be offered at all grades. It is to be run as part of any Standard class as defined in the regulations and must be clearly identified in the schedule. Each relevant class will have two heights with a change part way through to raise/lower the jump heights and may extend/reduce the length of the long jump and width of the rising spread, within the permitted ranges, and competitors must run at their entered height. The order in which the heights will run must be detailed on the ring cards/ring plan. There will be only one course walking at the start of the class. In a class where the Lower Height Option is available show organisers may offer one set of awards by combining the results of each height or may offer separate awards for each height category.

Competitors will be allowed to walk the course set at Small, Medium or Large height without their dog(s) before the class begins. Hurdles may be raised/lowered during the course walking time if multiple heights are offered within the same class.

When the Lower Height Option is scheduled a dog may only be entered at either the Full Height or at the Lower Height and it cannot compete at a different height in any other class at that competition, including special classes. For these purposes a competition shall be defined as all classes covered within the same schedule.

Points Progression. At the handler's discretion a dog may progress up to Grade 4 by winning 100 points at each grade, using the Agility Warrant points scheme (Regulation K3.c refers). A minimum of 50 points must be gained in agility (not jumping) classes in the relevant grade. If this method of progression is selected, the handler must ensure the Show Secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however once a dog has progressed, it cannot return to a previous grade.

Progression on points must be done prior to the closing date of entries. It is not possible to change a grade on points once the entries have closed.

STANDARD CLASSES

Only first prizes and points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes. (A dog is only eligible for one grade). In defining the eligibility of the owner or handler for Grade 1, the two wins and points progression referred to in the definition apply only to one dog and not an accumulation of dogs.

Grade 1

Open to owners, handlers or dogs which have not gained a minimum of two first places at Grade 1 at Kennel Club Licensed Agility Shows, at least one of which must have been gained in an agility (not jumping) class. N.B Owners, handlers or dogs previously qualified out of Grade 1 are not eligible for this class.

Grade 2

Open to dogs which are not eligible for Grade 1 or have elected to progress on points from Grade 1 and are not eligible for Grades 3, 4, 5, 6, or 7.

Grade 3

Open to dogs which have gained a minimum of two first places at Grade 2 at Kennel Club Licensed Agility Shows, one of which must have been gained in an agility (not jumping) class, or have elected to progress on points from Grade 2 and are not eligible for Grades 2, 4, 5, 6 or 7.

Grade 4

Open to dogs which have gained a minimum of three first places at Grade 3 at Kennel Club Licensed Agility Shows, two of which must have been gained in agility (not jumping classes), or have elected to progress on points from Grade 3 and are not eligible for Grades 2, 3, 5, 6 or 7

Grade 5

Open to dogs which have gained a minimum of four first places at Grade 4 at Kennel Club Licensed Agility Shows, two of which must have been gained in agility (not jumping) classes, and are not eligible for Grades 2, 3, 4, 6 or 7

Grade 6

Open to dogs which have gained a minimum of four first places at Grade 5 at Kennel Club Licensed Agility Shows, two of which must have been gained in agility (not jumping) classes, and are not eligible for Grades 2, 3, 4, 5 or 7.

Grade 7

Open to dogs which have gained a minimum of five first places at Grade 6 at Kennel Club Licensed Agility Shows, three of which must have been gained in agility (not jumping) classes, and are not eligible for Grades 2, 3, 4, 5 or 6.

SPECIAL CLASSES

Societies may schedule classes other than those defined above as "Special classes". The eligibility for "Special" classes must be defined by the Society and included in the schedule. The word "Special" must be included in the title of the class. Where special classes are classified for older and/or inexperienced dogs, the height of the hurdles the A-ramp, and the dog walk and the length of the long jump, may be reduced below the dimensions specified in these regulations, in which case such dimensions must be included in the class definition in the show schedule.

Marking for special classes may deviate from marking for standard classes, but must be specified in the schedule. Wins, places and clear rounds in special classes will not count towards agility warrant points or grade progression at Kennel Club shows.

Anysize Open to all dogs not entered in any other class at the show, except any other Anysize class. It is particularly suitable for inexperienced dogs or handlers and those dogs that are unable to compete at their full height. The classes will have no weaves or tyre and the course will be very simple and flowing. Handlers may elect to jump their dog at micro, small or medium height, all heights compete for the same awards. Wins, places and clear rounds in these classes will not count towards agility warrant points or grade progression at Kennel Club shows.

Junior under 12yrs (For handlers up to but not including 12th birthday) Open to Small, Medium and Large dogs (Full & Lower Height). Awards will be combined over all heights.

Junior over 12yrs (For Handlers 12 years and up to but not including their 18th birthday) Open to Small, Medium and Large dogs (Full & Lower Height). Awards will be combined over all heights.

A DOG MAY ONLY BE ENTERED IN UNDER OR OVERS, NOT BOTH
