ELIGIBILITY FOR CLASSES

In the following definitions of classes First Prizes or other prize wins are those gained in standard classes at any Kennel Club licensed Championship Agility, Premier Agility, Open Agility or Limited Agility Shows (i.e. special classes and invitational events excepted). Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Standard classes may be scheduled for Agility Shows, as Agility classes or Jumping classes. All standard classes must contain the Weaving Poles obstacle. Standard Agility classes must contain the following elements: "A Ramp", Dog Walk and See-Saw. With this proviso classes are defined as follows: -

A maximum of four standard classes may be scheduled for any dog on an individual day of competition. Any number of special classes may be scheduled.

Class Structure. A Class may either be held as a Graded Class or a Combined Class. A Graded Class may be scheduled for a maximum of three consecutive Grades with separate results and awards issued for each grade. A Combined Class may be scheduled for more than one consecutive grade with one overall set of results. Progression. Progression from each Grade will be determined by the eligibility for the class as referenced in H(1)(A)11. Results from Combined Classes will only count towards progression from the dog's current grade.

To count for progression wins must be gained in standard classes at Kennel Club Licensed Agility Shows.

Only a first place with a clear round completed within the course time set by the judge will count towards grade progression.

Lower Height Option. Societies may offer the Lower Height Option to all dogs in that height category and may be offered at all grades. It is to be run as part of any Standard class as defined in the regulations and must be clearly identified in the schedule. Each relevant class will have two heights with a change part way through to raise/lower the jump heights and may extend/reduce the length of the long jump and width of the rising spread, within the permitted ranges, and competitors must run at their entered height. The order in which the heights will run must be detailed on the ring cards/ring plan. There will be only one course walking at the start of the class. In a class where the Lower Height Option is available show organisers may offer one set of awards by combining the results of each height or may offer separate awards for each height category.

When the Lower Height Option is scheduled a dog may only be entered at either the Full Height or the Lower Height and it cannot compete at a different height in any other class at that competition, including special classes. For these purposes a competition shall be defined as all classes covered within the same schedule.

Competitors will be allowed to walk the course set at Small, Medium or Large height without their dog(s) before the class begins. Hurdles may be raised/lowered during the course walking time if multiple heights are offered within the same class.

Points Progression. At the handler's discretion a dog may progress up to Grade 4 by winning 100 points at each grade, using the Agility Warrant points scheme (Regulation K3.c refers). A minimum of 50 points must be gained in agility (not jumping) classes in the relevant grade. If this method of progression is selected, the handler must ensure the Show Secretary signs the dog's Agility Record Book at the first show entered at the higher grade. There is no time limit on this progression, however once a dog has progressed, it cannot return to a previous grade.

Progression on points must be done prior to the closing date of entries. It is not possible to change a grade on points once the entries have closed.

STANDARD CLASSES

Only first prizes and points gained in standard classes at Kennel Club licensed Agility Shows may be used for progression through the classes. (A dog is only eligible for one grade). In defining the eligibility of the owner or handler for Grade 1, the two wins and points progression referred to in the definition apply only to one dog and not an accumulation of dogs.

Grade 1

Open to owners, handlers or dogs which have not gained a minimum of two first places at Grade 1 at Kennel Club Licensed Agility Shows, at least one of which must have been gained in an agility (not jumping) class. N.B Owners, handlers or dogs previously qualified out of Grade 1 are not eligible for this class.

Grade 2

Open to dogs which are not eligible for Grade 1 or have elected to progress on points from Grade 1 and are not eligible for Grades 3, 4, 5, 6, or 7.

Grade 3

Open to dogs which have gained a minimum of two first places at Grade 2 at Kennel Club Licensed Agility Shows, one of which must have been gained in an agility (not jumping) class, or have elected to progress on points from Grade 2 and are not eligible for Grades 2, 4, 5, 6 or 7.

Grade 4

Open to dogs which have gained a minimum of three first places at Grade 3 at Kennel Club Licensed Agility Shows, two of which must have been gained in agility (not jumping classes), or have elected to progress on points from Grade 3 and are not eligible for Grades 2, 3, 5, 6 or 7

Grade 5

Open to dogs which have gained a minimum of four first places at Grade 4 at Kennel Club Licensed Agility Shows, two of which must have been gained in agility (not jumping) classes, and are not eligible for Grades 2, 3, 4, 6 or 7

Grade 6

Open to dogs which have gained a minimum of four first places at Grade 5 at Kennel Club Licensed Agility Shows, two of which must have been gained in agility (not jumping) classes, and are not eligible for Grades 2, 3, 4, 5 or 7.

Grade 7

Open to dogs which have gained a minimum of five first places at Grade 6 at Kennel Club Licensed Agility Shows, three of which must have been gained in agility (not jumping) classes, and are not eligible for Grades 2, 3, 4, 5 or 6.

SPECIAL CLASSES

Societies may schedule classes other than those defined above as "Special classes". The eligibility for "Special" classes must be defined by the Society and included in the schedule. The word "Special" must be included in the title of the class. Where special classes are classified for older and/or inexperienced dogs, the height of the hurdles, the A-ramp, and the dog walk, and the length of the long jump, may be reduced below the dimensions specified in these regulations, in which case such dimensions must be included in the class definition in the show schedule.

Marking for special classes may deviate from marking for standard classes, but must be specified in the schedule. Wins, places and clear rounds in special classes will not count towards agility warrant points or grade progression at Kennel Club shows.

Lower Height Option

All classes that offer the lower height option will have **separate results** at this show.

Class 3 – Sylvia Grimmitt Memorial Cup (Large Grade 1-2 Jumping)

Sylvia Grimmitt was an active member of Prestbury Park DATC with her two boys, Floyd and Marvin. She loved dogs, especially her two border collies, and enjoyed everything that came with agility whether it be training in the cold, attending league matches with her extra positive attitude and getting up at the crack of dawn to walk a course.

Sylvia was a wonderful lady and loved dearly by all at Prestbury Park – she touched everyone she met. She worked very hard at our first KC Show in September 2008 before becoming very ill soon after. Sylvia passed away March 2009 and is terribly missed by all.

Sylvia loved fast and furious classes with her crazy collies, especially those without weaves to slow them down! This class is dedicated to Sylvia and the winner of the class will receive a perpetual trophy, sponsored by CGT Lettings Ltd, Cheltenham, where Sylvia was their longest serving employee.

Class 12 - Wendy Dickson Memorial Cup (Large Grade 6-7 Agility)

For over 10 years, Wendy Dickson was a very active member of Prestbury Park DATC carrying out roles such as club treasurer, secretary, along with being a very popular agility and flyball instructor. Wendy was a key member of the Crufts Flyball team who won in 2007, an achievement that she was very proud of. Wendy's love of agility began with her border collie Darcy. Darcy progressed to grade 6 in a very short time and qualified for Olympia along the way. Wendy also participated in winter league matches with both her dogs Darcy and Lou Lou. Wendy would always help whenever she could whether this be teaching, on committee, arranging social events, shopping for show or sorting trophies you name it Wendy would organise it. Wendy was ill for a long time before she sadly passed away but this never stopped her helping, organising or just talking about things that needed doing to run Prestbury Club. Wendy was a much loved, well-respected member and she will always be remembered for her hard work and enthusiasm towards the club that helped her achieve so many things with her beloved border collies. Sadly Wendy passed away two days before our 2012 Show on 30th August 2012.

Wendy's love was agility, feeling in control and giving her time to catch Darcy up, jumping was always too much of a blast for a fast and furious collie so this agility class will be run in her memory, the winner will receive a perpetual trophy, sponsored by Dickson Dog Training, which was founded by Wendy.

RULES FOR OLYMPIA 2020

All events must be judged under the appropriate Kennel Club Regulations H & H (1) in force at the time of the event. Competitors entering any competition will be deemed to have agreed to abide by these rules.

All heats must take place at Kennel Club licensed shows and the class name in the schedule should replicate exactly the name of the competition as stated in these rules.

All Kennel Club supported competitions must be judged using standard marking.

If the entry for the heat exceeds 360 the class must be split into two equal parts. If the entry exceeds 540 the class must be split into three equal parts. No part, if split, may be less than 150 dogs. Rosettes and awards remain unchanged if the heat is split and will be given for each part.

Dogs entered in any heats must be eligible for the competition entered and judges retain the right to check the height of any dog or ask to see the height stated in the Kennel Club Record Book.

The handler that qualifies a dog for the Quarter-Final / Semi-Final / Final will be the handler that competes, handler substitutions are not allowed.

Dogs cannot compete in more than one competition at Olympia. If a dog qualifies for more than one Quarter-Final or Semi-Final at the Kennel Club International Agility Festival the first successful qualification will take precedence and the dog will be withdrawn from any further Quarter/Semi-Finals and replaced by a reserve.

Once a dog has qualified for Olympia, or as a reserve the handler is deemed to have accepted an offer to compete at Olympia, it invalidates any reserve places in any other competition. If the first invitation to compete is declined it invalidates any reserve places in any other competition.

All winners of the Olympia Grand Finals will be invited to compete in the following year's Quarter-Final or Semi-Final at the International Agility Festival without qualifying through the usual procedure via heats.

(These rules would be amended if any changes were made to Kennel Club Agility Regulations during the course of the competition year).

THE KENNEL CLUB OLYMPIA SMALL DOG AGILITY STAKES

Supported by Skinner's

This competition will be classified as Small Dog combined Grades 5-7 and judged under the Kennel Club Regulations for standard classes

Competitors may enter more than one dog in a heat. Competitors may qualify more than one dog for the Semi-Final; however only the competitor's highest placed dog at the Semi-Final will qualify for the Olympia Grand Final.

Once a dog has qualified for the Semi-Final / Final, further heats may be entered for competition although any placings in these further heats will not affect the dog's eligibility for the Semi-Final / Finals.

Those dogs eligible to compete in competition for Small Dog Agility are those measuring 350mm under at the withers.

The first three previously unqualified placed dogs from each heat will go forward to the Semi-Final at the Kennel Club International Agility Festival held annually in August, the first 10 dogs from this Semi-Final will qualify for the Final at the London Olympia Christmas International Horse Show (subject to the above).

Rosettes 1st to 6th place.

To compete in YKC PAIRS, you MUST have the following: 2 x Handlers and 2 x dogs of the same height

There will be 3 different age categories for this competition. A pair may be formed of a mixed age category. The age of the oldest member of the pair will determine which category the pair must enter.

e.g. Jim is 9 Years old Carol is 13 years old - If entering into a YKC pairs competition, they would enter their pair (both Jim and Carol) into the 12-17 Years age category

Once a handler is entered into an age category, they should only enter in that age category for any subsequent entries at that show (this is to avoid clashes later on)

Both handlers must be a YKC member at the closing date of the qualifying show as specified in the show schedule

PAIRS COMPETITION RULES

YKC Pairs will be run as both an agility and a jumping round

The first dog will complete the agility section

Equipment may include: A-Frame, See-Saw, Dog walk, jumps, tunnels

The second dog will complete the jumping section

Equipment may include: weaves, jumps, tunnels, long jump, tire, wall

(please note this is a special class, contact equipment can be used more than once and the judge does not have to use every piece of equipment listed here)

Each section should feature between 13 and 16 obstacles

You may choose after walking the course who will complete each section

The course will feature a start, a finish, a handover box/line + baton

The time will start when the first dog begins the first obstacle, the time will stop when the 2nd dog completes the final obstacle

The course will be different for the first and the second dogs, but may use some of the same equipment in a different order

YKC Pairs will feature a baton change.

The baton will be held by the member who is NOT currently running

During the handover, the 2nd member and dog may not set off until the baton is in the grip of the 1st member and the 1st dog has completed its course and is under control

The baton may not touch the floor during the handover, if it does, the pair will have 20 faults added

The 2nd handler & dog must have their entire body behind the line / inside the box (including the baton - no leaning outside!!) during the handover

The baton must be passed carefully to the approaching member, you are not permitted to throw the baton for any reason - doing so will result in the pair being disqualified

Once the baton has been handed over, and the second dog has cleared the first of its obstacles, the baton is no longer required to be held

If Jim wants to enter any more large dog pairings at this qualifier, he must do so with someone who is in 12-17 age range (which can be Bob again providing they are both using different large dogs).

Pairs must use the same size dog for both members. Once a qualifier has been entered, members may not switch dogs or handlers.

The pair who are placed first in each category will qualify for Crufts 2020. (9 qualification spots per qualifier)

As soon as a handler has qualified for a height for this competition at Crufts 2020, they may not be entered into any further qualifying heats at that height.

BOTH Members must ensure that their fees to the Young Kennel Club (YKC) are up to date and fully paid in order to enter any Young Kennel Club class.

There are a lot of rules not mentioned in this schedule. You MUST read the most current full version of the YKC pair's rules for the covering period before entering. Please visit: <https://www.ykc.org.uk/content/for-members/dog-competitions/agility/>
